## FUND DESCRIPTION

This is a passively managed fund, which replicates the average asset allocation of the Irish fund management industry. The fund aims to produce a return, which is consistently in line with the average pension managed fund performance over rolling 3-year periods. Having implemented the average asset allocation, the fund's stock selection matches the appropriate benchmark index. The fund invests in equities by tracking appropriate International and Irish indices. It invests in Bonds by tracking the Bank of America Merrill Lynch and JP Morgan series of indices. The fund's property and cash allocations are actively managed.

## BOND PORTFOLIO CREDIT QUALITY

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. Part of this fund may borrow to invest in property. Non euro currency exposures may be fully or partly hedged back to euro to reduce foreign currency risk.

This fund is provided by Irish Life Assurance plc and is managed by Irish Life Investment Managers Limited.

**Warning: This fund may be affected by changes in currency exchange rates.**
