## FUND DESCRIPTION

The EMPOWER Cash Fund invests 100% in cash and short-term deposits and aims to give investors a stable and predictable return. The EMPOWER Cash Fund can be used to protect the value of member's funds against market movements. For members who are close to retirement it is particularly useful for that element of the fund that will be taken as a tax-free lump sum. While these funds are intended to be low risk investments, investors should be aware that the funds could fall in value. This could happen if, for example, a bank the fund has a deposit with cannot repay that deposit, or if the fund charges are greater than the growth rate of the assets in the fund.

**Warning: If you invest in this product you may lose some or all of the money you invest.**
